

LETTER OF RECOMMENDATION

Carlsberg Bulgaria would be honored to recommend Cargo Planet Ltd and their staff to anyone in the industry who needs transport and logistics services.

We have been working with Cargo Planet in some of our projects. They have been handling a different type of shipments for us, from LTL to heavy haul with all type of equipment. Their performance has always been satisfactory. Transport options, reliability and prices, which Cargo Planet offer, always meet our needs and expectations. Delivery time and special conditions are being kept; we have always been accurately informed for any important issues concerning our deliveries.

Their staff is always quick to respond, helpful and knowledgeable. It has been our pleasure to work with them over the past several years.

Sincerely,
